EDITOR AND BUSINESS MANAGER OF CHERRY TREE APPOINTED

**Herbert Ramsey Made Editor
and John M. Jeffries Business
Manager of Annual.**

Herbert P. Ramsey has been appointed Editor, and John M. Jeffries Business Manager, of the 1914 Cherry Tree by the Committee on Student Organizations of which Dean Ruediger is chairman.

Owing to the lateness of the various classes in the University in electing their officers the Committee thought it inadvisable to wait for the first meeting of the Association of Class Presidents to hold the election of the Cherry Tree staff. Following a custom originated in 1909 the Committee appointed Ramsey and Jeffries subject to the ratification of the Association of Class Presidents who will hold their first meeting December 9.

Both of the men are well-known in the University. They are both Sophomores registered in Columbian College, while Jeffries is taking law work in conjunction with his academic work. Both men have been conspicuous in various activities during their two years' residence in the University. Ramsey was president of the Y. M. C. A. last year and is a graduate of Eastern High School of this city. Jeffries is the son of L. E. Jeffries, counsellor for the Southern Railway. Before entering the University he was a student at the University of Alabama for two years. He is a member of the Kappa Alpha fraternity.

The men began work immediately upon being appointed and have already closed contracts with Harris and Ewing to do the photographic work for the book. They were especially fortunate in securing such high-grade photographers and are assured of having portraits of the very best.

January 15 has been set as the final day upon which students may have their pictures taken. It is thought that the coming holiday season will afford a splendid opportunity to many of getting their pictures taken. Students are urged by Business Manager Jeffries to have their pictures taken immediately and not wait until a few days before the expiration of the time limit. Coupons will be placed in the hands of all class editors in a few days. These must be procured before pictures will be taken. There will be no delay in making appointments for sittings.

The two men plan to make the annual this year the best in the history of the University and are making elaborate plans which include many new features. The support of the

(Continued on page 3)

ASSOCIATION TAKES CHARGE OF BASKETBALL

**To Assume Responsibility of All
Finances and Sale of Tickets.
Important Meeting Held.**

At the first meeting of the newly elected executive committee of the Athletic Association held Tuesday, November 26, it was decided to take complete charge of the basketball team and to assume responsibility for all debts. To make this possible the committee decided to conduct the sale of all basketball tickets.

After December 8 no more season tickets for the basketball games will be sold under \$2 except to members of the Athletic Association. A member of the Athletic Association is given a season ticket to the basketball games. To members joining now the dues are \$2.

An active campaign has been inaugurated by the association for members and this attractive proposition is being made to the students in the hope of building up a strong Athletic Association. Now that the association has decided to back basketball all profits from the games this year will go into the coffers of the association and if 200 members join this year the old athletic deficit will be wiped out and a surplus left in the treasury.

Howard W. Hodgkins and David A. Baer were elected alumni members of the executive committee at Tuesday's meeting and Alvin McC. Brown, Erwin Harsch, and David Baer were appointed by Dean Ruediger, chairman of the committee, as a committee to consult with various members of the alumni and make nominations for other alumni members for the executive committee at the next meeting.

The old athletic debt was gone over by the committee. The deficit left on the track meet of last year was not approved by the committee, the association thereby refusing to assume the responsibility of paying the debt. It was found that the debts approved so far by the faculty committee and the Athletic Association will amount to approximately \$500 which must be paid before the faculty will sanction any other form of intercollegiate athletics.

The salary of "Slitz" Schlosser, coach of the basketball team was determined at the meeting.

FRESHMAN PROM BRILLIANT AFFAIR 150 COUPLES ATTEND

**Delightful Annual Ball Given at
Rauscher's Proves Stellar
Social Event.**

Always proving the stellar social event in the University the annual Freshman Prom, held Monday evening at Rauscher's ball room surpassed all previous ones in brilliancy and delightfulness. The magnificently attired guests, numbering 300, amidst a riotous array of colors, whirled and glided to the tuneful strains of the orchestra until early morn.

With the lights shimmering over the expensive creations of satin and chiffon worn by the ladies, a bewitching picture was made as they glided airily across the polished floor.

The augmented orchestra of Meyer Davis wafted music to the gay dancers. Playing the latest music the tuneful orchestra sighed through one-steps and rioted through ragtime to the accompaniment of the dancers in their terpsichorean divertissement. The sweet fragrance of the handsome bouquets worn by the beautiful co-eds added a final charm to the evening.

The faculty had lifted the "ban" placed on the new dances after the Freshmen prom last year and all the modern gyrations and tangos were tripped and twisted throughout the evening.

Washington's younger social set was well represented; several of the season's most charming debutantes being present.

Dancing continued until 2:30 a. m. and was interrupted only at midnight when refreshments were served. The refreshments consisted of ice cream, cake and punch.

Twenty dances were arranged on the program and four extras were given while every dance was encored, some several times. The program follows: Fish walk, "Sailing Down the Chesapeake;" fish walk, "Walk of the Fishes;" fish walk, "Down Home Rag;" one step, "Sympathy;" fish walk, "You Made Me Love You;" fish walk, "Mammy Jinny's Jubilee;" fish walk, "Too Much Mustard;" tango, "La Rumba;" fish walk, "Horse Trot;" fish walk, "Oh! You Million Dollar Doll;" fish walk, "Girl in the Heart of Maryland;" one step, "Count of Lux"

(Continued on page 3)

TRY-OUTS FOR U. OF P. DEBATE DEC. 9

**Minimum Wage Question Selected
For Intercollegiate Debate
With Pennsylvania.**

The first tryout from which the members of the Varsity debating teams will be selected will be held Tuesday evening, December 9, in the South Hall of the Law School when the candidates will be given five minutes apiece to discuss the "minimum wage," which has been selected as the question to be debated between the Varsity debating team and Penn.

Fifteen men have already signified their intention of participating in the tryouts Tuesday and a final rush of candidates is expected during the remaining days in which the men can notify the debating council. All names must be in the hands of the council Monday evening in order that a schedule for the speakers may be arranged.

H. C. Bickle, secretary of the debating council and one of the men responsible for the scheduling of the debates with Penn and Cornell was in Philadelphia last week and discussed the time of holding the first debate with Penn with the men in charge there. He will announce the date of the debate in the near future.

The following statement was prepared by the debating council at their last meeting.

Facts about the intercollegiate debates with the University of Pennsylvania (Philomathean Society):

Question: Resolved, That the States should enforce a minimum weekly wage of \$8 for women and \$6 for children (it being agreed that these amounts are necessary to maintain a fair standard of life, and that the word "children" shall mean "children of legal age").

Date of tryouts: Tuesday evening, December 9, 8 p. m., South Hall, fifth floor, Law School.

Eligibility to tryouts: Any student who attends the University.

Number of minutes allowed to each speaker in tryouts: Four.

Choice of sides: Optional with the student.

Students who intend to participate in tryouts should notify either Prof. M. L. Ferson or Mr. H. C. Bickel in the Law Department, or Prof. L. C. McNemar or Mr. H. C. Seltzer in the Arts and Sciences Department.

Notices will appear on the bulletin boards on Monday, December 8, which will show exactly the time each participant is expected to be on hand at the tryout.

Out of fairness to all participants coming later in the evening of the tryout they will not be permitted to witness the tryouts of the preceding speakers.

Day and Night Sessions

BASKETBALL SEASON BEGINS TONIGHT

Mt. St. Joseph Team and 'Varsity Play First Game This Evening.

The first basketball game of the season will be played tonight when the 'Varsity quint will meet the Mt. St. Joseph squad of Baltimore on the National Guard Armory floor. The game begins at 8 p. m.

The 'Varsity squad has been practicing hard during the past month and are reported to be in first class condition for their first game which they are very anxious to win.

Coch Schlosser has spent the past week in drilling the squad in team plays and signals and all is in readiness for the referees whistle.

Mt. St. Joseph is reported to be represented by a strong quint this year. They have nearly all the men of last year's team back. This team played splendid ball last year and a close game can be looked for.

A rousing mass meeting was held in the medical building last night and all the yells were rehearsed. Much spirit was shown by the men and a big crowd of rooters is expected to be on hand to start the team on a successful season.

The schedule which Manager Nash has arranged is a fine one and furnishes some excellent tests in the early part of the season for the team.

A final appeal is made to the student body to come out to the game this evening. By winning this game the 'Varsity hopes to gain the support of the lovers of sport in this city and the cheering of the students is necessary for a victory. Season tickets will not be sold after December 8.

The probable line-up will be:

Almond and Noonan or Grossbeck, forwards.

Gore, center.

Shaver and Hurley, guards.

COLLEGE ENGINEERS ARE SOUGHT BY RAILROAD.

TOPEKA, Kans., Dec. 4.—Only graduates of engineering colleges will be employed by the Santa Fe Railroad in its civil engineering service hereafter, according to an order issued by System Engineer C. F. W. Felt.

No civil engineer now in the service will be promoted unless he is a graduate engineer, according to the same order, if college men are available.

HOUSE TO PROBE REVELS AFTER FOOTBALL VICTORY.

Published charges that liquor was sold to "boys and girls" in the revels that followed the Georgetown-Virginia football game two weeks ago are to be investigated by a committee of the House. Many arrests of college students were made the night of the game, and more than \$1,000 was forfeited in small bonds.

The sky reflection of the lights of London has been seen in favorable weather fifty miles distant.

LADIES TO GIVE BENEFIT FOR HOSPITAL

To Hold Dance, Bazaar and Luncheon For the Benefit of The University Hospital.

The board of lady managers of the University Hospital have arranged for a mammoth benefit of three events on Tuesday, December 16, to be held in the ball room of the Raleigh Hotel from 11 a. m. to 12 p. m.

From 8:30 to 12 in the evening there will be dancing in the ball room with the Meyer Davis Orchestra in attendance. Tickets for the dance will be only 50 cents.

Luncheon will be served between 12 and 2 and tea from 4 to 6, while the bazaar, with many attractive features, will be conducted throughout the day.

Mrs. W. Thompson Burch and Mrs. C. N. Chipman are in charge of the dance and are making a special effort to have the students of the University participate. It is hoped to make the dancing in the evening a student's dance. Tickets are being sold at the treasurer's office and by the ladies in charge for 50 cents in order that a large number of men and women from the University may attend.

There will be many unique features at the bazaar with booths of all sorts. Mrs. William K. Butler is chairman of the booth committee; Mrs. Bates Warren, of the delicatessen table; Mrs. Townsend, of the candy table; Mrs. Walter Harban of the tea table, and Mrs. J. Lawn Thompson of the doll table.

Mrs. F. W. True is president of the board of lady managers of the hospital, while Mrs. W. Thompson Burch is chairman of the bazaar. Mrs. William C. Borden is chairman of the luncheon committee, Mrs. William C. Prentiss of the fancy table, and Mrs. Branderburg of the bag table.

Tickets will be offered for sale in the Department of Arts and Sciences next week. They were placed on sale in the other departments this week and have been going rapidly.

FATHER OF PROF. HENNING DIED AFTER LONG ILLNESS.

George C. Henning, 80 years old, father of Prof. George N. Henning, professor of romance languages in the University, died at his home in Washington last Sunday after an illness of over a year.

Mr. Henning was born in Washington and lived here most of his lifetime. For years he was engaged in retail business, but later became a banker, and headed the old Traders' National Bank, at Tenth street and Pennsylvania avenue northwest. Mr. Henning made an enviable record for honesty and fair dealing. He weathered the panic of 1873 on his credit.

Mr. Henning retired from the business world about eight years ago. Both his father and grandfather were natives and residents of Washington. He was a member of St. Thomas' Episcopal Church and leaves three children, Dr. Robert E. Henning, of Minnesota; Prof. George N. Henning, of this University, and Miss Alice Henning.

"Keeping in Front"

You fellows know what that means! We've been very successful in this regard with Fatima Cigarettes. By the way, these cigarettes were first sold in the college towns—and you agreed with us that they were good.

Then we put out for the big race, to make Fatimas of nation-wide reputation, and today more are sold than any other cigarette in this country.

No purer, or more carefully chosen tobacco grows than that in Fatimas. We purposely put them in a plain inexpensive wrapper—in this way we can afford quality tobacco, and twenty of the smokes for 15 cents.

Now your college crew is of utmost importance to you—so is a good cigarette, and it's your aim in life to keep Fatimas in the lead—right up to their good quality—right up to where you first found them, and will always find them.

Success fellows! You started this cigarette on its successful career—and you pull a strong oar all over this country.

ATHLETIC ASSOCIATION MAKES FULL REPORT

The full financial report of the Athletic Association for the past year is made known for the first time. There were ninety-nine members of the association last year and the dollar received from each of them was the sole revenue of the association.

The majority of the items are self explanatory. Members of the association were given the privilege of buying tickets to the meet at half price and as twenty-one members availed themselves of this privilege the association divided their membership fees with the track team, giving it \$10.50. The twenty-nine-dollar item was turned over to Prof. Reudiger and appeared in his report already published in the Hatchet this fall. The track meet of last year netted the usual deficit and as some of the bills were urgent money was loaned to the manager of the track team to meet these urgent bills with the idea that it would be returned to the association when all of the receipts were in. The receipts were, however, so much less than the expenditures that the money was not returned.

While it does not appear on this report the association conducted last year a theater benefit which netted nearly a hundred dollars, which money was paid in directly to Prof. Reudiger and appeared in his report previously published.

The association served to unify the athletic interests and supervised the management of the basketball team which was so run that the expenses just balanced the receipts.

Altogether it was a good beginning toward the re-establishment of all forms of athletics in the University and the debt has now been brought so low that this year should surely see the last of it.

The report follows:

Receipts:	
Sale of membership tickets	\$99.00
Expenditures:	
Stationery and postage	\$ 5.00
Membership S. A. A. of the A.	
A. U.	7.50
Track team	10.50
Past A. A. indebtedness	29.00
	\$52.00
Loaned track team	47.00
Total disbursements	99.00
Total receipts	99.00
Balance	00.00

CLASS PRESIDENTS TO MEET DECEMBER 9.

There will be a meeting of the Association of Class Presidents at 8 o'clock Tuesday, December 9, in Lecture Hall 1, of the Medical building. The meeting has been called by President Snelling of last year's association for the purpose of electing officers for the coming year and ratifying the appointment of the editor and business manager of the 1914 Cherry Tree. Every class president is asked to be present, but if he finds it impossible to attend in person he is requested to send some other officer of the class as a representative.

NURSES' QUARTERS ENLARGED.

The University Hospital has purchased the premises at 1300 L street northwest for use as an addition to the nurses' home. The building adjoins the present home, which is located at 1016 Thirteenth street.

The newly-acquired structure is of brick and stone and has three stories. There are ten rooms and a spacious basement. The building is now being placed in thorough repair, and doors are being cut for communication with the present quarters. The purchase price was \$8,000.

At present there are forty-two nurses at the home. The crowded condition of the present quarters will be relieved in about a week, when the addition will be ready for occupancy.

CO-EDS DO A TURN IN VAUDEVILLE

After several postponements a vaudeville show under the direction of the Pan-Hellenic Association was held Monday night, November 24 and proved to be a great success.

The Chi Omega Fraternity under the "ring leadership" of Miss Katherine Kerby presented a country circus. The elephant, kangaroo and other wild animals performed.

The Sigma Kappa Sorority was featured next on the program with a Romeo and Juliet sketch by Miss Robinson and Miss Abbot, which provoked much laughter.

The Pi Beta Phi Fraternity was hostess on a trip to the managerial office of Pathe Soeur where the audience watched the preparation of several famous reels including Paris styles, presentation of a loving cup to Walter Johnson, and a melo-drama entitled "Hold Up of Hell's Hollow."

Sigma Kappa closed the show with a glee club and minstrel performance which was heartily enjoyed by all.

Dancing and refreshments followed the stunts. Over 125 women students were present and the affair was a great success.

EDITOR AND BUSINESS MANAGER OF CHERRY TREE APPOINTED

(Continued from page 1)

students in the form of subscriptions is essential to the carrying out of these plans. Special rates will be offered for the early payment of subscriptions. Should sufficient number take advantage of this special offer the management will be able to get the book out by the 15th of April. The late start makes it necessary for everyone to give the management their support.

Editor Ramsey requests contributions to be mailed at once and asks everyone to contribute something to the book. Jokes of all sorts, poems humorous or otherwise, humorous articles about men or events in the University are more than acceptable. Artists are urged to submit drawings. All contributions should be addressed to the editor and mailed to the Cherry Tree office.

FRESHMEN PROM BRILLIANT AFFAIR 150 COUPLES ATTEND

(Continued from page 1)

embourg;" fish walk, "What D'ye Mean You Lost Yer Dog;" tango, Maurice; fish walk, "I Love Her Oh! Oh! Oh!;" Argentine tango, "Y Como le Va;" fish walk, "Come and Kiss Your Little Baby;" fish walk, "International Rag;" fish walk, "Somebody's Coming to My House;" one step, "Night Owls." "Home Sweet Home."

The programs were bound in leather with the George Washington seal embossed on the front and were very attractive.

The patronesses were Mesdames Archibald Hopkins, William Bruce King, Charles B. Campbell, William James Flather, H. B. F. Macfarland, Abram Lisner, Henry Cleveland Perkins, Alexander T. Stuart and Henry C. Davis.

Profs. McNemar, Deans Wilbur and Hodgkins and Admiral Stockton represented the faculty.

The officers of the freshman class who conducted the successful affair were Henry W. Leetch, president; Miss Theodosia Seibold, vice president; Miss Hester Munger, secretary; Benjamin Steele, treasurer; Marion Anderson, sergeant-at-arms, and Alden Wheeler, class editor.

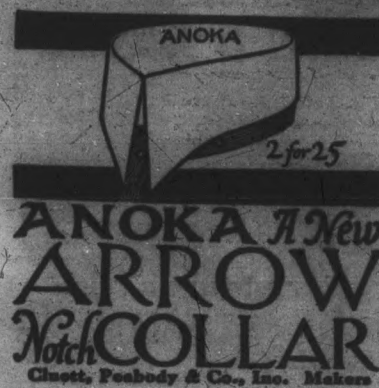

The financial committee of the dance reports a deficit of approximately \$60.00 which will be met by assessments and class dues. The total expenses made known by treasurer of the class B. P. Steele, amount to \$316.65 disbursed as follows: Rauscher's ball room \$200; orchestra \$62; programs \$39.40; tickets and invitations \$15.25.

TRACK MEN ASKED TO REPORT AT ONCE.

Manager Cunningham of the Track Team makes an open appeal to all the track men in the University to begin training at once. The squad so far has been very slim, few of last year's team having reported. Manager Cunningham is making arrangements with the authorities at the Y. M. C. A. for nights on which the team can train. Lowe, Harsch, Cullom, Purey, Giantvalley, Reese, Tibbetts, Offut, Hunter, Adams, Beckett and Nelson, all men of experience, have been doing a little training and more urged to join them at once in order that Manager Cunningham may know how large a squad he will have to enter in the indoor meets this winter. Training dates will be announced on the bulletin board in a few days.

An astronomical clock in Germany is so perfectly constructed that its errors amount to only one second in more than eighteen years.

In proportion to the number of men employed there are more fatal accidents in the metal mines of the United States than in the coal mines, according to government statistics.

THE ATHLETIC ASSOCIATION AND THE BASKETBALL TEAM.

Now that the Athletic Association
has taken charge of the basketball
team, and started an active campaign
for members the student body is
given an opportunity to show whether
they will support athletics if resumed
in the University and like-wise given
the opportunity to make it possible to
resume athletics.

By joining the Athletic Association
and paying the nominal fees each stu-
dent can add his mite to paying off
the old deficit besides helping to sup-
port the only form of intercollegiate
athletics which has been resumed in
the University. The lowest possible
sum has been fixed by those in charge
so that every one can help.

Unless the Varsity team receives
sufficient support from the students
during the first few games of the sea-
son the remaining games will be call-
ed off by the association.

A substantial proposition has been
put before you. It's up to you to prove
that there is more than "airy nothing"
to all the talk heard around the Uni-
versity buildings.

Debating Team.

The wonderful revival of debating
this year shows what can be done in
the University in the way of rejuven-
ating activities if the proper energy
is put behind things. Our University
was famous several years ago for the
quality of the debating teams which it
turned out, but like everything else
this activity gradually died down be-
cause no new fuel was added to the
flame as the years rolled along. There
was an abundance of material in the
University during the past few years,
but there were none with enough en-
ergy to bring forth this material and
take upon themselves the work of at-
tending to the details. Some "live"
men have come to the front this year,
however, and we salute them. The stu-
dent body owes the arranging of sev-
eral first class intercollegiate debates
and the overwhelming number of can-
didates who are trying for posi-

tions on the team all to the efforts of
a few men. H. C. Bickle, H. G. Selt-
zer, Prof. McNemar and Admiral
Stockton are the men responsible for
this revival and the University owes
them thanks for their earnest efforts
in overcoming all obstacles and plac-
ing the University once more among
the front ranks of debaters.

A SUGGESTION.

To the Editor of the Hatchet:

Dear sir: There have been many
complaints because the hall on the
east side of the second floor at Co-
lumbian College is called the chapel.
Many classes wish to give dances
there, but find it rather embarrassing
to announce a dance to be given in
the chapel. Since this hall has never
been dedicated and since Dean Wilbur
uses it for so many of his classes,
through your columns I should like to
suggest that we give this room the
name of Wilbur Hall. Any sugges-
tions or criticisms are requested.

An Interested Student.

CHERRY TREES FOR SALE.

Nearly a hundred of last year's
Cherry Tree have not been disposed
of and the management has placed
these books in the Hatchet office,
where they may be purchased. The
annual last year was one of the best
books ever put out, being bound in
leather and containing many new fea-
tures. It's "knocks" department is es-
pecially praiseworthy. Many students
have not purchased the book because
of the lateness of its appearance.

HARVARD BOYS EFFETE, SAYS OLD BELL RINGER.

CAMBRIDGE, Mass., Dec. 4.—"Old
Jones, the bell ringer," known to Har-
vard men for half a century, laments
the effete present, and remarks that
the undergraduate of today is tame as
compared to the wild, fun-loving stu-
dent of bygone years. Austin K. Jones
is eighty-seven now and retired, but
he's as anxious for the success of Har-
vard boys today as he was when he
was in harness.

"It isn't the same as it used to be,"
said Mr. Jones today. "I could see it
coming: before President Eliot took
charge—this spirit of formality, and
after Mr. Eliot assumed the chair, it
all changed entirely. They're dignified
now, but it wasn't so in the old days.
There have been times when I have
emptied the punch bowl out the win-
dow on commencement nights for fear
that some of the boys might go a wee
bit too far.

"Once an expressman brought a load
of slate to the college yard. The next
morning, when I got around, I found
a graveyard laid out, with the profes-
sors' names on the slabs.

"The boys don't seem to have the
life in them they had in the olden
days. During the years that 'Old
Jones' was the Harvard bell ringer, he
'rang in' five presidents—Walker, Fel-
ton, Hill, Peabody and Eliot."

VALEAR—LLUFRIO.

Peter Valear, Jr. and Miss Ethel
Llufrio both students at the Univers-
ity were quietly married Saturday
morning. Following a wedding break-
fast the newlyweds left on an extend-
ed honeymoon trip. They will be at
home to their friends at the Earling-
ton after December 25.

Lieutenant Hospital Now.

Lieut. Ralph Hospital, a graduate of
last year's class at Columbian College,
who was one of the twelve who
passed the Marine Corps exami-
nation out of 300 applicants, has re-
ceived his commission, and has been
assigned to the Thirteenth Cavalry,
now stationed at Fort Bliss, Tex.
Lieut. Hospital will join his company
December 20. Augustin Prentiss, one-
time George Washington man, and
Theodore Barnes, another Washington
boy, have been assigned the same
company that Lieutenant Hospital
has. Mr. Barnes was quite prominent
at Western High School in this city.
He is a graduate of that school.

Another well-known Washington
boy who recently passed the army ex-
aminations is Robert O. Annin. Lieu-
tenant Annin has been assigned to the
Fifteenth Cavalry, also stationed at
Fort Bliss. Annin is a graduate of
Princeton.

Alumnus Married.

Students of the University will be
interested to hear of the marriage of
Mr. Ralph W. Frey, who received the
degree of B. S. in chemistry, 1912, to
Miss Hazel Mohler of this city. The
ceremony took place on Thanksgiving
Day at the parsonage of the First Bap-
tist Church of Alexandria, Rev. Dr.
W. F. Watson officiating. After the
ceremony the reception was held at
the home of Mrs. J. H. Mansfield. Mr.
and Mrs. Frey will make their home
in Philadelphia where Mr. Frey is in
business. He is connected with the
Midvale Steel Company.

NO "BUNNY HUG" AT

CHEVY CHASE.

Invitations have been received by
many George Washington men to a
dance to be given at the Chevy Chase
seminary on the evening of December
13. The invitations contain this unique
announcement from the faculty of the
seminary: "Any extreme form of danc-
ing or familiar attitude assumed by
many in the present-day dances is dis-
approved by the faculty."

"MOVIES" ADVERTISE COLLEGE.

STATE COLLEGE, Pa., Dec. 4.—
State College trustees, Governor Tener
presiding, decided to send out motion
pictures and lecturers to rural social
centers, showing what is to be gained
by a college education. The "movies"
will illustrate "College Life," "Market
Gardening," "Mine Safety," "Small
Factory Organizations" and "House-
hold Drudgeries Made Easy." It is
hoped people will be led to understand
that the real college education is not
to join fraternities or to "call on dad"
for money, but to prepare for work in
the outer world.

ACCUSE ORGANIZED BODY OF WARRING ON FRATERNITIES

Declares Powerful Club Was Behind Fight to Oust Societies in Wisconsin.

An organization of anti-fraternity men is blamed for the war waged in Wisconsin against the Greek letter societies by a writer in the Delta Upsilon Quarterly. He declared the organization was formed to wipe out fraternities and put university life on a more democratic basis. He says:

"It developed that over a year ago an organization had been formed among non-fraternity men, known as the Commoners, with an active membership of approximately 700. This organization was formed with the avowed intention of wiping out the fraternities and bringing the university life in general to a more democratic basis. This body of men comprised some of the best students and most brilliant men in the university. The stored-up feeling of many years was turned loose, not only by the active members of this club but by many non-fraternity alumni.

"It also developed that many of the active members of the organization were installed as clerks of committees in the legislature, where they could talk to members, go upon the floor, and even tread upon the 'red-carpet' free from molestation by the sergeant-at-arms, while the fraternity men, alumni and others were seriously handicapped under the stringent anti-lobby laws.

Bitter Fight Over Bill.

"When the fraternity men finally awoke to the seriousness of the situation they found the stage had been set and the members had been button-holed and pledged. The result was one of the bitterest fights that it has ever been my privilege to get into. No stone was left unturned. Hearings were had before the committee on education, and the arguments went on heatedly, even after the committee adjourned, with the result that the bill was defeated after a close vote, leaving a lot of bad feeling and the threat that they would 'get us' two years from now.

Movement Widespread.

"In the course of the fight it developed that the Commoners were in touch with the organizations fighting Texas and Ohio. Similar bills were ready to be introduced in Minnesota and Indiana. The statement has been made openly that two years from now similar bills will be introduced in every State where the university derives its revenue from the State. The bills are similar and are based on the Mississippi act. They provide for the expulsion of any student belonging to any secret organization, except honorary fraternities, to which selection is based solely on scholarship."

Commenting on anti-fraternity legislation the Sigma Alpha Epsilon Record says: "Within the past two or three years anti-fraternity legislation has been proposed in the following States: Texas, Ohio, Wisconsin, Kansas, Arkansas, Mississippi, Missouri, South

Carolina and Nebraska. Truly an alarming situation—and one that should awaken every fraternity to the realization that there must be something seriously wrong with the fraternity system to bring out such a manifestation of hostility and disapproval. It is all very well for fraternities to hide their heads in self-satisfaction and indifference, but the time has come for all fraternities to face the situation."

Many New Chapters.

But despite the agitation against fraternities many new chapters have been installed in the last year. The expansion has been marked in the West, but many charters have been granted to local societies in the East. Psi Upsilon now has a chapter in Williams and Phi Gamma Delta has revived its dead chapter there. Kappa Alpha (Northern) has entered the University of Pennsylvania and Pi Kappa Alpha has put chapters in Iowa State, Syracuse, Rutgers, Kansas and Penn State. Theta Delta Chi has entered Toronto and the University of Washington, and Delta Kappa Epsilon has put a chapter in Texas.

Alpha Sigma Phi has put chapters in California, Nebraska, Ohio Wesleyan and Massachusetts Agricultural College, and Ohio Wesleyan chapter being revived. Other new fraternity chapters are: Alpha Tau Omega, Wyoming; Beta Theta Pi, South Dakota; Delta Sigma Phi, Rensselaer, Cumberland; Delta Tau Delta, Pennsylvania State (revived); Phi Delta Theta, North Dakota, Iowa State, Colorado; Phi Kappa Psi, Pennsylvania State, Iowa State; Pi Kappa Phi, Emory; Sigma Alpha Epsilon, Kansas Agricultural, Pittsburgh; Sigma Nu, Stetson, Maine, Kansas Agricultural; Sigma Phi Epsilon, Brown, Cornell, Denver, Ohio Wesleyan, Tennessee; Sigma Pi, California, Pennsylvania State; Tau Kappa Epsilon, Knox; Theta Chi, California, Cornell, Hampden-Sidney, Virginia, and Theta Xi, University of Pennsylvania and Carnegie.

The chapter of Alpha Delta Phi has died at City College, while Alpha Tau Omega, Beta Theta Pi, Delta Tau Delta, Phi Gamma Delta, Sigma Chi and Sigma Phi Epsilon died at Wooster. Chapters of Phi Delta Theta, Sigma Alpha Epsilon and Sigma Chi died at Mississippi. Kappa Alpha (Southern) died at Centenary; Phi Kappa Psi at Brooklyn Polytechnic; Phi Sigma Kappa at Queens, and Sigma Pi at the University of Pennsylvania.

FRATERNITY NEWS.

The Pi Beta Phi has begun a series of faculty luncheons. On Wednesday, November 19, Dr. Schoenfeld and Prof. Henning were the guests. Monday, November 24, Deans Ruediger and Hodgkins were entertained.

The Washington city alumnae assisted by Phi Alpha chapter of Chi Omega entertained the fraternity men of the University at a tea dance at the home of Miss Effie Kline Baker on Saturday, November 22.

Chi Omega's Thanksgiving dance at the home of Miss Luella Field on Wednesday, November 26, was a decided success. Among those present

was Miss Janet G. Walker, who is spending the holidays at her home here. Mr. and Mrs. Hamblin were chaperons.

One of the prettiest tango teas of the present year was given at the Sigma Phi Epsilon house on Vermont avenue on Thanksgiving evening. Among the guests were Martha Browning, Mabel Blanchard, Katherine Kerby, Florence Evans, Margaret Brown, Dorothy Kimball, and Miss Campbell, of Columbian College.

PROMPT AND CORRECT SERVICE

COLUMBIAN COLLEGE.

At a meeting of the senior class, Columbian College, held Tuesday, November 26, Alvin MacC. Brown was chosen president of the class. The other officers elected were Margaret Wilson, vice president; Alvord Gore, secretary, and E. A. Glatvalley, treasurer. Miss Mattie Eiker and G. H. Baston were elected class editors. The following committees were appointed: Play committee—Miss E. Galbraith, chairman; Miss Mattie Eiker and Carl Wilhelm; pin committee, Alvord Gore, G. H. Baston and Miss E. Galbraith.

Wilfred D. Bull, ex-16, took the examination for the diplomatic corps held in Washington November 17.

Erwin Harsch and M. R. Walton, of the Hatchet, staff witnessed the Army-Navy football game in New York Saturday.

Henry A. Lepper, treasurer of the class of '13 C. C., makes the following report of the financial status of last year's graduating class: "With the balance on hand of \$6.36 three books on chemistry were purchased for the library."

At a very enthusiastic meeting held the twenty-sixth of November the Junior Class elected its officers for the coming year. Leo C. Terry was the choice of the members for the high office of president, with Miss Fredericka Neumann as vice president. John Brockwell was elected treasurer and Miss Robinson secured the majority of votes for the position of secretary. Mr. Thompson was then elected sergeant-at-arms. Miss Blanchard and M. R. Walton were chosen to represent the class on the Hatchet and Cherry Tree.

Plans were discussed concerning a dance to be held some time in February. A committee was appointed to look into the matter. The details will be given later.

Miss Katharine M. Newbold, A. B., '12 and A. M., '13, is teaching Latin and German in the high school at Palmyra, N. J., near Philadelphia.

Dean Wilbur represented the University at the Association of Colleges and Preparatory Schools, which met in Albany during the Thanksgiving holidays.

Miss Elizabeth Wilbur and Miss Elsie Yost were among the George Washington co-eds who attended the Army-Navy football game.

FRATERNITY NOTES.

(Continued from page 5.)

Sigma Kappa Sorority entertained Eliza Webber and Helen Short at lunch on Wednesday, November 26.

The engagement of Miss Flo Leland, Pi Beta Phi, ex '14, to Mr. A. L. Thompson, Alpha Zeta, Cornell, '11, has been announced.

Engineering Society Notes.

The annual visit of the Engineering Society to the Bureau of Standards took place on Wednesday evening, November 19. The largest attendance at any meeting of the society, except the annual banquet, was a feature of this trip, there being nearly sixty men present.

Most of the members met at the University buildings and proceeded in a body to the Bureau, where they were welcomed by the committee in charge of the visit. The society visited the engineering testing laboratories first, where Emery Lasier, a George Washington alumnus and former member of the society, gave a very thorough and interesting explanation of the working of the gigantic Emery testing machine, which has a tensile capacity of 1,500,000 pounds, and nearly double that amount in compression.

The cement testing laboratories were next visited, then the tape-gauging tunnel, interesting lectures being given in both these laboratories.

The party then proceeded to the dining rooms, where all partook of solid and liquid refreshments. At the close of the luncheon, a rising vote of thanks was tendered the committee through whose kindness it was possible to make this visit. This committee consisted of Messrs. James, Herron, Sale and Lasier.

At this point the party separated into three divisions and inspected various portions of the plant.

The secretary of the society, J. D. McCormick, announced that eighteen new members were enrolled at this meeting. This is certainly encouraging to the officers of the society, as it indicates a growing interest among the engineering students. It is hoped to have every student enrolled in the Department of Engineering as a member. The Engineering Society is the one place where all the engineering students may meet and become acquainted with each other. Special emphasis will be laid this year on the social features as well as on the educational side of the society.

ENGINEERING SOCIETY
WILL HOLD SMOKER.

The Engineering Society will hold a big get-together smoker on Wednesday evening, December 17, at the chapter house of the Alpha Beta Phi fraternity, 716 Nineteenth Street. This was decided upon at a business meeting of the Society held on Tuesday evening, December 2. The officers plan to make this smoker a very successful from every viewpoint. Good speakers will be secured and there will be plenty of song and good fellowship on tap—not to mention eats. Everyone who is registered in the College of Engineering whether or not he is a member of the Society is invited to come and get better acquainted with his classmates.

Detlow Marthinson, a member of the Hatchet advertising staff, spent the holidays in New York interviewing prospective Hatchet advertisers. He witnessed the Army-Navy game on Saturday and attended a dance given by the Rho Deuteron chapter of Theta Delta Chi Fraternity at their house at Columbia University.

LAW SCHOOL NOTES.

Students of the freshman class of the Department of Law met in the main lecture hall of the Law School Wednesday, the 26th, for the purpose of electing the Honor Committee of the freshman class for 1913-1914. The meeting was called to order by Mr. Alexander Robeson, president of class 1916. Mr. Robeson read the constitution of the Honor System of the Department of Law of the University as adopted by the mass meeting of all law students held April 27, 1910.

After the reading of the constitution by Mr. Robeson nominations were called for. Out of the following men whose names were placed in nomination, Mr. Hunter, Mr. Hodgkins, Mr. Shaver, Mr. Barrett, Mr. Sims, Mr. Huff, Mr. Brown, Mr. Johnston the five receiving the highest number of ballots were Mr. H. W. Hodgkins, Mr. Alvin McC. Brown, Mr. H. T. Shaver, Mr. Sims and Mr. Huff.

These men, together with the president of the class, Mr. Robeson, and the secretary of the class, Miss Grace Brooks, constitute the Honor Committee for class 1916.

While the balloting was in progress Mr. Alvin Brown, president of the Athletic Association, addressed the class upon the subject of student support of athletics in the University. He made an urgent plea for support of track and basketball by the students.

John M. Jeffries spent the holidays in New York city where he witnessed the Army-Navy game Saturday.

The first section of Freshman Law is ably represented in the list of class officers. Mr. W. E. Burchfield is vice president, Miss Grace Brooks is secretary, and Mr. H. T. Shaver is a member of the student Honor Committee.

Mr. Shaver was elected to the Honor Committee on the "suffrage ticket."

Quite a number of the first section Freshman Law are representatives at the University Congress—P. A. "Pete" Chamberlin, S. L. Desha, H. T. Shaver and S. M. "Sam" Barrett.

Does the freshman class have big feet? Ask the elevator man. He contemplates suing "Pete" Chamberlin for trespass.

Proposed name for first section Freshman Law play, "The disappearance of the Modern Portia, or Has Anyone Here Seen Birdie?"

Both Prof. Fraser and Prof. Jones recently admonished the first section of Freshman Law in regard to their lack of note-taking. Both very emphatically urged that the class notes

Gossip Of The Saw Bones.

Eisenberg was very emphatic in his statement that by stretching the sciatic nerve one could cure lumbago. This is indeed a new treatment in medicine, but such has been the advance in the last few years that a medical student is surprised at nothing.

Thomas Miller gave the students a scare while at Episcopal Hospital last Wednesday. While having his tonsils examined he suddenly determined to give the class an imitation of no one knows what. After a time he was able to inform us that he had a spasm in his naso-pharynx.

To see Jova, Miller, Sze and Supplee at the black boards these days one would think that they were trying to solve a Chinese riddle.

The Freshmen looked like a bunch of dying calves the first few days of dissecting, but now they are actually thriving in the atmosphere of the fifth floor front.

A visiting medical student fainted in the operating room last week. Dr. Shands was real peeved.

Eisenberg and Sze at the autopsy:
Sze—You cut first!
Eisenberg—After you, my dear Sze!

Dr. Bovee's clinics at Columbia Hospital have been resumed.

CHEMICAL SOCIETY.

The G. W. U. Chemical Society held a very interesting meeting on Wednesday, November 19. Papers were given by John Brockwell and E. A. Giantvalley and some abstracts by Thompson.

Brockwell's paper dealt with soap. Mr. Thompson gave some very interesting abstracts from the leading chemical journals of the world. The electro-chemical, analytic, organic, physical, mineralogical and biological branches of the science were touched upon in a clear and concise manner.

The next meeting of the society will be held on December 17. There will be read an instructive paper on yeast.

The next trip of the Chemical Society will be through one of the local yeast factories.

COLUMBIAN DEBATING SOCIETY.

On the question: Resolved, that the amount of property transferable by inheritance should be limited by statute, the negative, represented by Francis and Penix, were awarded the favorable verdict of the judges in the society debate held last Friday. The contentions of Rhoades and Van Schaek, supporting the affirmative, although strong and apparently convincing, were quite effectually rebutted by the negative. In view of the fact that all of the participants were first year men, their showing was a good one. This debate marked the second appearance of each on the debating platform and marked improvement was noted in every case. Francis and Rhoades were declared first and second honor men respectively.

Mr. Shaver's connection with the Varsity basketball team compelled him to tender his resignation as treasurer of the society. By unanimous ballot, Mr. Francis was elected to succeed him. Another resignation was that of Mr. Major, as press representative. Mr. Marcus was named as his successor.

The report of Columbian's representative on the debating council, Mr. Seltzer, was adopted. All of the members have manifested great interest in the intercollegiate debates. Mr. Seltzer has the names of practically all as candidates for places on the two teams.

The minimum wage question, worded substantially the same as the question submitted by the University of Pennsylvania, will be thrashed out in the society on Friday evening, December 5. Any who care to come and hear the arguments are cordially invited to attend.

This society has set Saturday evening, December 20, as a tentative date for an intersociety debate with the Shahan Debating Society of the Catholic University of America, but as the negotiations are still in progress, it is at present impossible to name that date as definite.

**REAL PARTY FIGHT
IN CONGRESS****Spirited Meeting Of University
Congress Results in Democratic Victory.**

At the last session of the University Congress held in the South Hall of the Law School the following question was debated upon, "Be it resolved by the University Congress that in recognizing Latin American Countries, the legality or illegality of elections shall not be considered, if a recognition of the prevailing government would insure to the best interests of American citizens and property in such country and promote comity among the nations." This bill had previously been proposed by the Republicans and came up for action at this meeting.

Mr. Woolley, Republican floor leader, took up the question first and spiritedly advocated its adoption.

Mr. Anderson, the doughty Democratic leader, in language both forceful and grandiloquent, replied and received loud applause from the adherents on the Democratic side of the House. He was interrupted, however, by Mr. Owen, Republican, who addressed the Chair and the assemblage and called attention to the fact that Mr. Anderson was putting forth not one argument on the subject. Mr. Anderson very adroitly remarked that it was for the Republicans to put forth an argument in its favor, and concluded his debate upon the bill.

Mr. Owen, Republican, spoke several minutes on the bill and was followed by Pierre Chamberlin, Democrat. Mr. Chamberlin was interrupted several times by pertinent and pointed questions hurled across the floor at him by Mr. Woolley. Ross Johnston, Republican, addressed the House several minutes and was followed by Mr. Stuart, Democrat, and Mr. Ster-

ling, Democrat. Mr. Stuart was interrupted so many times by Mr. Woolley that he was finally obliged not to yield to that gentleman.

Mr. Thurman, Democrat, shot a few hot remarks over in referring to the "slap in the face" which the Republicans received at the last election.

After Mr. Woolley had fired his reserve broadsides for his party Mr. Anderson, Democrat, read the following substitute bill: "That the Congress take this occasion to declare its confidence in the present foreign policy of the Administration."

The substitute was accepted and the bill passed.

Mr. Elkins was Speaker.

**NEW YORK TO HAVE A
REAL "YALE CENTER."**

The Yale Club of New York recently let contracts for its new clubhouse to be erected on East Forty-fourth street and Vanderbilt avenue, facing the Grand Central Station. It will be twenty stories high, the tallest clubhouse in New York, and will represent an outlay of more than \$1,000,000. It will be the largest Yale centre in the country outside of the university in New Haven.

**HARVARD'S UNIQUE
GET-TOGETHER CLUB.**

Every Sunday evening there is an assemblage in Cambridge of sixty-two Harvard students who make up what President Elliot has called "the most interesting society in the university." They are the Harvard Cosmopolitan Club, and they represent every continent of the earth and nineteen countries and speak more than a dozen languages.

Naturally there are more American born than foreigners in the membership, for one of the purposes of the club is to promote friendship and congeniality among the foreigners and make them at home in Harvard. Necessarily they must know representative undergraduates and have a considerable acquaintance among all leaders in college life.

At present the club has twenty-six members from the United States, ten from China, three each from Japan, Bulgaria and India, two each from Germany, Sweden, South Africa (Dutch) and one each from Australia, Liberia, Ecuador, Surinam, Russia, France, England, Siam, Canada, Turkey and Holland.

LAW SCHOOL NOTES.

(Continued from page 6.)

were exceedingly important as they supplemented the work to a large degree. A comparison was made by Prof. Jones of the first section with the second section (afternoon). He stated that the second section, although limited in time invariably accomplished more and made higher averages, simply because the determination which they had to study law and work at the same time resulted in their strict attention to lectures given and attention to note-taking, and their endeavor to get out of their work all they could. Both professors concluded their remarks with the hope that the first section would wake up to the realization of the fact that the second section made up for their lack of time by their determination.

The pulgat, a Burmese measure, is the only foreign measure exactly corresponding to our inch.

FRATERNITY SMOKER TO BE JANUARY 15

Will be held at University Club
—Interfraternity Basketball.

At the last meeting of the George Washington Interfraternity Association, held at the Sigma Phi Epsilon House, 1502 Vermont avenue, November 26, complete arrangements were made for the annual smoker.

Mr. D. H. McKnew, chairman of the general arrangement committee, reported on the plans which had been drawn up by the committee. The plans were unanimously adopted and are in substance: The smoker shall be held Thursday, January 15, at the University Club, an elaborate menu to be given, served at tables, the president and deans of the University to be invited and to be the guests of honor and to address the members on subjects of interest to the students; the toast-master to be a fraternity man, representative of a fraternity having no chapter at George Washington; each fraternity of the association to be called upon to furnish some form of entertainment, either speech, song, monologue or dialogue or some vaudeville stunt. After the above the tables will be moved from the banquet hall and jollity and good-cheer will reign. The general arrangement committee consists of Mr. Donald H. McKnew, chairman; Mr. Fred Fogle and Mr. Sam Barrett.

The entertainment committee comprises Mr. George Baston, chairman; Mr. John M. Jeffries and Mr. J. W. Sheffer.

An important movement was put in progress by the association in regard to athletics at George Washington by Mr. Barrett, who proposed the formation of an Interfraternity basketball league. Mr. Barrett urged the closer relationship of all fraternity men in the University and as a means to this end he urged friendly athletic rivalry among each fraternity of the association. Each fraternity will organize a team composed of only those members of its fraternity who are active. Quite a discussion arose in regard to the playing of varsity men upon the fraternity teams, but it was decided out of all fairness that varsity men be ineligible to play upon their fraternity team. The deciding argument in favor of this was that no fraternity would have undue advantage over any other and that by this ruling all fraternity teams would be practically upon even footing.

The committee appointed to draw up the schedule and make arrangements for the league consists of Mr. Barrett, chairman; Mr. J. M. Jeffries and Mr. G. A. Degnan.

The following fraternities were represented at this meeting. The name of each delegate follows his fraternity.

Delta Tau Delta, Mr. G. A. Degnan.
Kappa Alpha, Mr. John M. Jeffries.
Kappa Sigma, Mr. Fred Fogle.
Phi Sigma Kappa, Mr. J. W. Sheffer.
Sigma Alpha Epsilon, Mr. D. H. McKnew.

Sigma Chi, Mr. Frank Howard.
Sigma Phi Epsilon, Mr. H. A. Kruger.

Theta Delta Chi, Mr. Sam Barrett.

The next meeting will be held at the Sigma Alpha Epsilon House, Thirteenth and Euclid, Thursday, December 11. It is urged that all members of the association send their delegate to this next meeting as important business will be transacted.

STUDIES PHARMACY IN JAIL.

LAWRENCE, Kans., Dec. 4.—Every night in a cell at the penitentiary at Lansing a convict turns the pages of a book entitled "Introductory Pharmacy" with hard, rough hands which have spent a long, weary day mining coal.

For one and a half years this prisoner has spent his spare time mastering the principles of pharmacy, according to instructions sent him each week by the Extension Department of the University of Kansas. He has just finished the first part of his course and by the time his first term is served he will be able to go out into the world and take a responsible position.

DEAN HODGKINS MAKES NOVEL MACHINE

Invents Lung Efficiency Tester
Out Of Spool Of Cotton—
Students Examined.

All the members of the evening section of the class in physics recently underwent an examination for lung efficiency. The apparatus used was designed by Prof. Hodgkins. It is understood that application for patent on the same has been made so that liberty is given to publish the details of construction for the special benefit of the engineers of G. W.

The device, as will be seen, is not at all expensive, but requires the services of a skilled dressmaker in the process of manufacture. The body of the machine consists of a spool, preferably labeled No. 60 cotton O. N. T., and being of course small enough to be held in one's mouth.

As a special precaution a few turns of wire should be wrapped about the spool so as to prevent any serious accident which might result from excess air pressure.

The second part of the machine consists of a piece of paper two inches square through the center of which is passed a pin. The pin and the paper act as the indicator. The paper is placed against one end so that the pin enters the opening through which the heated air passes. Having the paper parallel to the floor the patient to be examined being in a bending posture, blows as hard as possible. The stronger the current the better the paper clings to the spool. Observations proved that pressure under 200 pounds caused the paper to fall to the floor, anything over held the paper fast to the spool. In one case only during the test of the students did the paper leave the spool.

Dean Hopkins is very much elated over his discovery and intends to manufacture more as soon as Mrs. Hodgkins can furnish some more spools and pins.
